

# Eliminate Bus Odours Completely

with all Natural **Nature's Mist™** Deodorization System

**W**hen a bus has been fouled by pet odours, food, body odours, smoking, vomit, etc. — what can you do? It can be very time consuming to “air out” a bus for days. Often you have no choice but to cover up odours with masking agents or chemical formulas.

Finally, there's a safe, effective and proven solution. **Nature's Mist™** converts the foulest smelling automobile into a fresh, odorless bus in less than 10 minutes! **Nature's Mist™** is effective even with the most pungent odors.

# Nature's Mist™ Deodorization System

**NATURE'S MIST™** is a two component natural deodorization process which neutralizes odours on contact. The first component is a liquid compound comprised of over 2 dozen highly concentrated plant extracts. Each molecule of **NATURE'S MIST™** liquid "bonds" with odour molecules to neutralize even the most pungent of odours (smoke, body odour, strong food smells, odour, vomit, urine and mildew).

The second component is a sophisticated atomizing sprayer that generates thousands of microscopic pressurized droplets, allowing **NATURE'S MIST™** to reach hidden areas where odours reside (rooflinings, carpet, seat upholstery, dashboard & ventilation systems), but are difficult to clean.

- ◆ **HOW FAST?** You can completely deodorize a bus with **NATURE'S MIST™** in 10 minutes every time. After spraying, a pleasant "forest" fragrance will linger for about twenty minutes, then the bus will simply be "fresh", with no detectable odour
- ◆ **EFFECTIVE!** Unlike odour-masking systems, your **NATURE'S MIST™** bus will be odour free - guaranteed. And because of our unique ionizing process, they will stay fresh for one to two weeks.
- ◆ **ELIMINATE:** Cigarette (and Cigar) Smoke • Body Odour • Food Odour • Vomit Mustiness • Urine • Mildew/Mold • Pet Odours • Stale Air
- ◆ **LONG LASTING!** **NATURE'S MIST™** leaves no residue yet creates a residual barrier, successfully eliminating odours for weeks.
  - Better for the Environment • Healthier for Employees & Passengers
  - Biodegradable, no hazardous chemicals, Non toxic, low or zero odour***
  - **SAFE!** No masking agents, No hazardous substances, No ozone.
