

# Eliminate Car Odours Completely

with *all Natural* Nature's Mist™ Deodorization System

**W**hen a car has been fouled by pet odours, food, body odours, smoking, vomit, etc. — what can you

do? It can be very time consuming to “air out” a car for days. Often you have no choice but to cover up

odours with masking agents or chemical formulas.

Finally, there’s a safe, effective and proven solution.

**Nature's Mist™** converts the foulest smelling automobile

into a fresh, odorless car in less than 10 minutes!

**Nature's Mist™** is **effective** even with the most pungent odors.

# Nature's Mist™ Deodorization System

**NATURE'S MIST™** is a two component natural deodorization process which neutralizes odours on contact. The first component is a liquid compound comprised of over 2 dozen highly concentrated plant extracts. Each molecule of **NATURE'S MIST™** liquid "bonds" with odour molecules to neutralize even the most pungent of odours (smoke, body odour, strong food smells, odour, vomit, urine and mildew).

The second component is a sophisticated atomizing sprayer that generates thousands of microscopic pressurized droplets, allowing **NATURE'S MIST™** to reach hidden areas where odours reside (mattresses, pillows, bedspreads, carpets, acoustic ceiling, HVACs), but are difficult to clean.

☉ **HOW FAST?** You can completely deodorize a car with **NATURE'S MIST™** in 10 minutes every time. After spraying, a pleasant "forest" fragrance will linger for about twenty minutes, then the car will simply be "fresh", with no detectable odour.

☉ **EFFECTIVE!** Unlike odour-masking systems, your **NATURE'S MIST™** cars will be odour free - *guaranteed*. And because of our unique ionizing process, they will stay fresh for four to five weeks.

☉ **ELIMINATE:** Cigarette (*and Cigar*) Smoke • Body Odour • Food Odour • Vomit Mustiness • Urine • Mildew/Mold • Pet Odours • Stale Air

☉ **LONG LASTING! NATURE'S MIST™** leaves no residue yet creates a residual barrier, successfully eliminating odours for weeks.

- Better for the Environment • Healthier for Employees & Residents
- Biodegradable, no hazardous chemicals, Non toxic, low or zero odour*
- SAFE! No masking agents, No hazardous substances, No ozone.
