

Eliminate Room Odours Completely

with *all Natural* Nature's Mist™ Deodorization System

When one of your guests accidentally or carelessly fouls the air in one of your rooms —

what can you do? It can be very costly to “air out” a room for days. Often you have no choice but to cover up the odours with masking agents or chemical formulas.

Finally, there’s a safe, effective and proven solution. **Nature's**

Mist™ converts the foulest room into a fresh, odorless, room in less than 20 minutes!

Nature's

Mist™ is **effective** even with the most pungent odors.

Nature's Mist™ Deodorization System

NATURE'S MIST™ is a two component natural deodorization process which neutralizes odours on contact. The first component is a liquid compound comprised of over 2 dozen highly concentrated plant extracts. Each molecule of **NATURE'S MIST™** liquid "bonds" with odour molecules to neutralize even the most pungent of odours (smoke, body odour, strong food smells, odour, vomit, urine and mildew).

The second component is a sophisticated atomizing sprayer that generates thousands of microscopic pressurized droplets, allowing **NATURE'S MIST™** to reach hidden areas where odours reside (mattresses, pillows, bedspreads, carpets, acoustic ceiling, HVACs), but are difficult to clean.

◎ **HOW FAST?** You can completely deodorize a room with **NATURE'S MIST™** in 20 minutes every time. After spraying, a pleasant "forest" fragrance will linger for about twenty minutes, then the room will simply be "fresh", with no detectable odour.

◎ **EFFECTIVE!** Unlike odour-masking systems, your **NATURE'S MIST™** rooms will be odour free - *guaranteed*. And because of our unique ionizing process, your rooms will stay fresh for four to five weeks.

◎ **ELIMINATE:** Cigarette (*and Cigar*) Smoke • Body Odour • Food Odour • Mustiness
Vomit • Urine • Mildew/Mold • New Construction Odours • Pet Odours • Stale Air

◎ **LONG LASTING! NATURE'S MIST™** leaves no residue yet creates a residual barrier, successfully eliminating odours for weeks.

- Better for the Environment • Healthier for Employees & Residents
- Biodegradable, no hazardous chemicals, Non toxic, low or zero odour*
- SAFE! No masking agents, No hazardous substances, No ozone.
